

California History Day

**HISTORY DAY IS WHAT YOU MAKE IT:
MAKE IT EASIER!**

A Workshop for Teachers & Coaches

History Day is what you make it. Make National History Day® the vehicle in your curriculum that supports inquiry and standards. Shift the student experience from learning history to doing history for all student learners with tools and materials. Attend with your team; plan for success. Make History Day work with your calendar, your students, and your content.

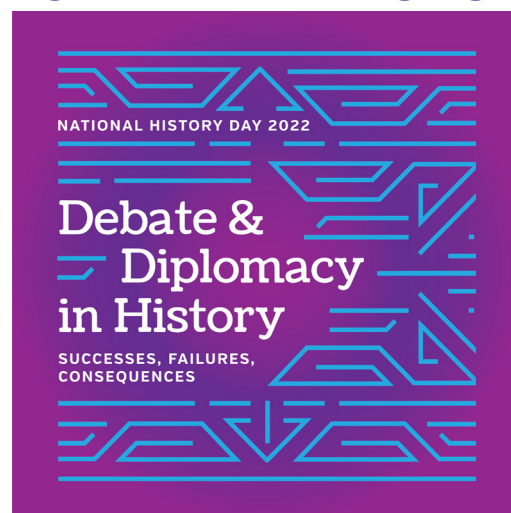

Participants will:

- develop an NHD syllabus
- use the rubric for backward planning
- build a community of NHD colleagues
- learn from guest experts
- make a plan for manageable assessment
- develop a deeper understanding of the inquiry process
